

1980s Lickey Banker Locos

37191 & 37305 are the Lickey banker locos which you are in charge of.

The next train that requires a shove up the hill is a summer Holiday extra service with 37003 providing the traction. A loco not quite suited to haul such a load up the famous Lickey incline.

To Install:-

- Unzip the contents of this Zip somewhere safe such as the desktop.
- Find but DO NOT open your 'Railworks' directory, by default this would be at C:\Program Files (x86)\Steam\steamapps\common\steamapps\common\.
- Merge the 'Railworks' folder that was just unzipped over your main 'Railworks' folder. (Drag into the same directory and not into the Railworks folder).

PAYWARE REQUIREMENTS:-

- [Birmingham Cross City Line: Route](#) - (Steam)
- [BR Class 45 'Peak' Loco](#) - (Steam)
- [Class 37 Locomotive Pack Vol. 2](#) - (Armstrong Powerhouse)
